Re: Electric Service to Parcel 33-16, Music Mountain Ranches

Dear Mr. Chantel:

On March 31, 2005 Mohave Electric Cooperative, Inc. received your March 28, 2005 letter. Your letter includes a diatribe regarding your perceived interpretation of Mohave's contracts. Please be advised that Mohave's line extension agreements speak for themselves; additions or substitutions to Mohave's agreements by a customer are not acceptable. Your letter is not to be construed as being an addition to or valid interpretation of Mohave's agreement.

Your letter included the executed agreements for the system modification (Work Order 2005-111) for your line extension; your personal check in the amount of \$409.83 for the estimated cost of the system modification was also received.

However, you failed to enclose the executed agreements and construction contribution (estimated at \$9,104.38) for the 1,287 foot line extension (Work Order 2005-112) that I sent to you on March 21, 2005. This agreement and contribution is directly related to the system modification project; simply put, one cannot be completed without the other.

As I have repeatedly explained to you, the agreements for the 1,287 feet of line and construction contribution are also required if you would like the line extension construction to commence prior to your installation of the minimum permanent improvements required to qualify for line credit(s).

Since you have not returned the line extension agreements and construction contribution for Work Order 2005-112, I surmise that you may be working to install the minimum improvements required to qualify for the line credit(s). If that is the case, notify me and I will have a Staking Technician field verify the status of your improvements. Once the verification is made, I will send you a revised cost estimate and construction agreement for the 1,287 foot line extension. The revised agreement will include a line credit of up to 625 feet for each qualifying, permanent service.

Mohave cannot proceed on this project until you send the properly executed agreements and construction contribution for Work Order 2005-112, or notify me that you wish to pursue your second option of installing the necessary improvements to qualify for a line extension credit(s).

We look forward to working with you. If you have any questions or comments, please don't hesitate to call me at (928) 758-0580.

Sincerely,

Mohave Electric Cooperative, Inc.

A handwritten signature in black ink, appearing to read "John H. Williams", with a long horizontal flourish extending to the right.

John H. Williams
Line Extension Supervisor
